

SPORTS & BUSINESS in Lyon, France

Options : semester or full year

Basketball or Esports enthusiasts with the desire of studying abroad have the opportunity to spend a semester or a year in France, in the city of Lyon, and live a perfectly tailored experience with the Tony Parker Adequat Academy. By choosing to live on the TPAA campus, students get to practice and live a real cultural immersion with full access to an apartment (full-board included) in parallel of their studies. The package includes a minimum of 10 hours of practice (Basketball or Esports) supervised by high-level professional staff. Interested students will thus take advantage of the TPAA offer and validate CEFAM credits in the meantime as part of their Sports & Business program.

Established in 1986, CEFAM is an International School of Management based in Lyon, France, working in partnership with North American AACSB-accredited universities. By definition, the CEFAM Program is international, and open to students of all nationalities who wish to pursue their business studies from an international perspective. The CEFAM Program follows the American Liberal Arts tradition in education, allowing CEFAM students to study business and non-business subjects.
